SP-230801 Basic Emergency First Aid Responder Level 2 Credits 2
When encountering the title [OPTIONAL LEARNING], the described topic DOES NOT OCCUR in the QCTO curriculum.

SECTION 01 - CURRICULUM SUMMARY

★ 1.1 Occupational Information: ★ 1.2 Curriculum Information: ★ 1.3 Curriculum Structure: ★ 1.4 Entry Requirements: ★ 1.5 Recognition of Prior Learning [RPL]

SECTION 02 - OCCUPATIONAL/SPECIALISATION/PART-QUALIFICATION/SKILLS PROGRAMME PROFILE SUMMARY

SECTION 03 - CURRICULUM COMPONENT SPECIFICATIONS

★ COURSE COMMENCEMENT ★ Course Objectives

[OPTIONAL LEARNING] - Introduction to Health & Safety Law [OPTIONAL LEARNING] - Competent First Aider/s on Duty
[OPTIONAL LEARNING] - Specialized GSR Training for First Aider/s [OPTIONAL LEARNING] - First Aid Box/es - Workplace
[OPTIONAL LEARNING] - First Aid Box Minimum Content [OPTIONAL LEARNING] - First Aid Box - Additional Considerations
[OPTIONAL LEARNING] - First Aid Box - Personal [OPTIONAL LEARNING] - Improvised First Aid Items [OPTIONAL LEARNING]
- GSR First Aid Facilities - Additional [OPTIONAL LEARNING] - First Aid Facilities - Notices, Signs & Name of First Aider

PART 01 - KM-01-KT01 - FUNDAMENTAL PRINCIPLES & OBJECTIVES OF BASIC EMERGENCY FIRST AID.

★ KM-01-KT01 Fundamental Principles & Objectives of Basic Emergency First Aid ★ KT0101 - The Purpose of Basic Emergency First Aid ★ KT0102 - The ABCs of Emergency First Aid - Airway, Breathing, & Circulation
★ KT0102 - Recovery Position ★ KT0102 - Reasons Patients Stop Breathing ★ KT0102 - Check for Obstructions in the Airway
★ KT0102 - The Head-Tilt/Chin-Lift Manoeuvre ★ KT0102 - Jaw Thrust to Open the Airway ★ KT0102 - Artificial Resuscitation/Rescue Breathing ★ KT0102 - Artificial Resuscitation on an Adult ★ KT0102 - Artificial Resuscitation on a Child/Infant
★ KT0103 - The role of a Basic First Aid provider & the scope of practice of providing basic first aid ★ KT0104 - Fundamental Legal & Ethical Principles That Must Be Adhered to When Providing Basic First Aid ★ KT0104 - Medico-Ethical Considerations ★ KT0104 - Medico-Ethical - the Law of Consent ★ KT0105 - Maintaining Personal Health & Safety As A Basic Emergency First Aid Responder [OPTIONAL LEARNING] - Safety - Dangers, Hazards & Risks to First Aiders [OPTIONAL LEARNING] - Health - Common Dangers, Hazards & Risks to First Aiders [OPTIONAL LEARNING] - Health - Causes of Diseases & Deaths of First Aiders ★ KT0105 - Protecting the First Aider from Injury and Diseases [OPTIONAL LEARNING] - First Aider or Rescuer? [OPTIONAL LEARNING] - First Aider and HIV & AIDS

PART 01 - KM-01-KT01 - INTERNAL ASSESSMENT CRITERIA

Basic Emergency First Aid Responder ©

SP-230801 Basic Emergency First Aid Responder Level 2 Credits 2
When encountering the title [OPTIONAL LEARNING], the described topic DOES NOT OCCUR in the QCTO curriculum.

★ IAC0101 - [TAKE NOTE: Duplication of KT/IAC #]

★ Explain the purpose of Basic First Aid within the specific context within which the learner will be operating ★ IAC0102 - [TAKE NOTE: Duplication of KT/IAC #] ★ Explain the ABCs of First Aid and explain why they are considered as fundamental to saving lives in an emergency situation. ★ IAC0103 - [TAKE NOTE: Duplication of KT/IAC #] ★ The Role of A Basic First Aid Provider and The Scope of Practice of Providing Basic First Aid ★ IAC 0104 [TAKE NOTE: Duplication of KT/IAC #] ★ Elaborate Fundamental Legal and Ethical Principles That Must Be Adhered to When Providing Basic First Aid ★ IAC0105 - [TAKE NOTE: Duplication of KT/IAC #]

★ Elaborate on the need and process to maintain personal Health & Safety as First Aider, including use of PPE.

PART 01 - KM-01-KT01 - FUNDAMENTAL PRINCIPLES AND OBJECTIVES OF BASIC EMERGENCY FIRST AID

★ KM-01-KT01 Fundamental Principles and Objectives of Basic Emergency First Aid ★ KM-01-KT01 Principles of First Aid [OPTIONAL LEARNING] - Injury, medical and physiological issues a Basic Emergency First Aid Responder may encounter

PART 02 - KM-01-KT02 - APPLIED BASIC EMERGENCY FIRST AID

★ KM-01-KT02 Applied Basic Emergency First Aid

★ KT0201 - Importance of ensuring safety at an incident scene and the fundamental principles of achieving appropriate scene safety. ★ KT0201 - Incident/Emergency Scene Management ★ KT0202 - Principles processes and standards for initial and ongoing assessment of the affected person to determine what treatment is required. ★ KT0202 - Primary Assessment A-B-C-D - Assessing the Patient ★ KT0202 - Secondary A-B-C Assessment - Assessing the Responsive Patient

★ KT0202 - Talk to The Patient [OPTIONAL LEARNING] - Check for Medic Alert Bracelet ★ KT0203 - Do's and don'ts of communication with bystanders, emergency services, and the affected person in a First Aid situation. ★ KT0203 - Patient Communication ★ KT0203 - Bystander Communication ★ KT0204 - Guidelines for determining appropriate action to deal with the assessed situation, action must be appropriate and within the scope of work allowed at a Basic First Aid level. ★ KT0205 - Concepts, principles, and guidelines for reassessment and monitoring of the affected person's condition.

★ KT0203 - Reassessment & Monitoring Of The Affected Person's Condition ★ KT0206 - Guidelines and legal considerations relating to the effective handover between Basic Emergency First Aid Responders and emergency services. ★ KT0207 - Guidelines & purpose of appropriate record keeping & incident reporting.

★ KT0207 - Employee To Record & Report Incidents To The Employer ★ KT0208 - Need for and principles of post scene cleanup.

PART 02 - KM-01-KT02 - INTERNAL ASSESSMENT CRITERIA

★ IAC0201 - Explain safety as the first priority of any Basic Emergency First Aid Responder. ★ IAC0202 - Describe and explain the processes for assessment of the affected person's condition as essential for effective First Aid.

★ IAC0203 - Explain the need for and processes of communication with bystanders, emergency services, and the patient as

critical in any First Aid situation. ★ IAC0204 - Explain action taken is appropriate to provide First Aid. ★ IAC0205 - Explain reassessment and monitoring of the patient's condition, done effectively

★ IAC0206 - Explain handover between Basic Emergency First Aid Responders and emergency services, done effectively ★

IAC0207 - Explain record keeping and incident reporting according to current and accepted organisational procedures. ★

IAC0208 - Explain post scene clean-up, done appropriately for the environment

PART 03 - KM-01-KT03 - BASIC FUNDAMENTALS OF HUMAN ANATOMY AND PHYSIOLOGY

★ KM-01-KT03 Overview of the essential components of the human anatomy and physiology. ★ KT0301 - Fundamentals of the RESPIRATORY SYSTEM and how injuries to and illnesses of the system can threaten life. ★ This includes the nose, mouth, trachea, bronchi, and lungs. ★ It is essential to understand how the respiratory system works and how to perform basic techniques such as CPR and rescue breathing. ★ KT0301 - The Respiratory System ★ KT0302 - Fundamentals of the Cardiovascular System: This includes the heart, blood vessels, and blood. ★ KT0302 - Cardio Pulmonary Resuscitation [CPR] ★ KT0302 - Fundamentals Of The Cardiovascular System ★ KT0302 - The Heart - Chambers, Valves, Arteries, Veins and Capillaries ★ KT0302 - Blood ★ KT0302 - Blood flow ★ KT0302 - Pulse ★ KT0303 - Fundamentals of the Nervous System: This includes the brain, spinal cord, and nerves. ★ KT0303 - Neck and Spine ★ KT0303 - Head Injury - Signs & Symptoms ★ KT0303 - Open Lacerations to the Scalp ★ KT0303 - Skull Fractures ★ KT0303 - Concussion ★ KT0303 - Concussion Signs & Symptoms

★ KT0303 - Concussion First Aid ★ KT0303 - Neck and Spine ★ KT0302 - Neck and Spine Injury ★ KT0303 - Neck and Spine Injury - Causes ★ KT0303 - Neck and Spine Injury - Signs & Symptoms ★ KT0303 - Neck and Spine Injury - First Aid

[OPTIONAL LEARNING] - Repositioning a Patient - Extreme Emergencies only ★ KT0303 - Performing CPR - Neck and Spine Injury **[OPTIONAL LEARNING]** - Repositioning the Patient - Use Of A Spine Board, Vacuum Mattress or blanket **[OPTIONAL**

LEARNING] - Lifting and Moving - the Logroll Team **[OPTIONAL LEARNING]** - Lifting and Moving - Logroll Instructions

[OPTIONAL LEARNING] - Drowning -3 Types of Drowning **[OPTIONAL LEARNING]** - Near Drowning - Once Out of the Water

[OPTIONAL LEARNING] - Dry Drowning **[OPTIONAL LEARNING]** - Woman who experiences "Premature Rupture Of Membranes" (PROM) ★ KM-01-KT03 **[TAKE NOTE: Duplication of KT/IAC #]** ★ Overview of the essential components of the human anatomy and physiology. ★ KM-01-KT03 **[TAKE NOTE: Duplication of KT/IAC #]** ★ Basic Fundamentals of Human Anatomy and Physiology. ★ KT0304 - Introduction to Elementary Anatomy and Physiology **[OPTIONAL LEARNING]** -

Arrangement of the Human Body ★ KT0304 - Internal Cavities **[OPTIONAL LEARNING]** - Tissue ★ KT0304 - Organs ★ KM-01-

KT03 Overview of the essential components of the human anatomy and physiology. ★ KT0304 - Human Body Systems ★

KT0303 - Nervous System ★ KT0303 - Central Nervous System - the Brain ★ KT0303 - Spinal Cord

★ KT0303 - Sensory Organs ★ KT0303 - Body temperature **[OPTIONAL LEARNING]** - Digestive System **[OPTIONAL**

LEARNING] - Reasons to Stay Healthy and Injury Free ★ KT0303 - Fundamentals of the NERVOUS SYSTEM: This includes the brain, spinal cord, and nerves. ★ KT0303 - Nervous System ★ KT0304 - Fundamentals of the MUSCULOSKELETAL SYSTEM:

This includes bones, muscles, tendons, and ligaments. ★ KT0304 - Skeletal Framework ★ KT0304 - Bones ★ KT0304 - Joints

Basic Emergency First Aid Responder ©

SP-230801 Basic Emergency First Aid Responder Level 2 Credits 2
When encountering the title **[OPTIONAL LEARNING]**, the described topic **DOES NOT OCCUR** in the QCTO curriculum.

★ KT0304 - Muscular System ★ KT0305 - Fundamentals of the INTEGUMENTARY SYSTEM: ★ KT0305 - Integumentary System [Skin]

PART 03 - KM-01-KT03 - INTERNAL ASSESSMENT CRITERIA ★ IAC0301 - Give a basic explanation of how the RESPIRATORY SYSTEM works and how to perform basic techniques such as CPR and rescue breathing
★ IAC0302 - Give a basic explanation of how the CARDIOVASCULAR SYSTEM works and how this relates to providing lifesaving emergency First Aid. ★ IAC0303 - Give a basic explanation of how the NERVOUS SYSTEM works and how this relates to providing lifesaving emergency First Aid. ★ IAC0304 - Give a basic explanation of how the MUSCULOSKELETAL SYSTEM works and how this relates to providing lifesaving emergency First Aid. ★ IAC0305 - Give a basic explanation of how the INTEGUMENTARY SYSTEM works and how this relates to providing lifesaving emergency First Aid.

PART 04 - KM-01-KT04 - PRINCIPLES OF RECOGNISING INJURIES AND ILLNESSES AND PROVIDING APPROPRIATE BASIC EMERGENCY FIRST AID TREATMENT. ★ KM-01-KT04 Principles of recognising injuries and illnesses and providing appropriate basic emergency First Aid treatment. **[OPTIONAL LEARNING]** - Injury to the Eye/s - Causes **[OPTIONAL LEARNING]** - Injury to the Eye/s - Caution **[OPTIONAL LEARNING]** - Injury to the Eye/s - First Aid **[OPTIONAL LEARNING]** - Foreign Object In The Eye **[OPTIONAL LEARNING]** - Injury to the Eye/s - Chemicals **[OPTIONAL LEARNING]** - Electrocution - Consequences **[OPTIONAL LEARNING]** - Electrocution - Isolation **[OPTIONAL LEARNING]** - Electrocution - First Aid **[OPTIONAL LEARNING]** - Impaled Object **[OPTIONAL LEARNING]** - Amputation ★ KT0401 - Principles and processes of Primary Assessment A-B-C-D ★ KT0402 - Concepts and principles of Secondary Assessment and treating as per findings: ★ KT0403 - Principles and processes for controlling bleeding
★ KT0404 - Principles and processes for managing an affected person who is not breathing ★ Suggested First Aid - CPR Child & Infant- One First Aider ★ KT0405 - Concepts and principles for managing an unconscious patient ★ Secondary A-B-C Assessment - Assessing the unresponsive Patient ★ KT0406 - Shock - Types
★ KT0406 - Shock - First Aid ★ KT0407 - Basic concepts and principles for identifying and managing sprains, strains, fractures, and dislocations. ★ KT0407 - Strains, Sprains & Dislocations ★ KT0407 - Sprains & Strains - First Aid ★ KT0407 - Dislocation - First Aid ★ KT0407 - Fractures - Types ★ KT0407 - Fractures - Signs & Symptoms ★ KT0407 - Fractures - First Aid ★ KT0407 - Fractures - First Aid - DO NOT ★ KT0407 - Splinting a Broken Forearm ★ KT0407 - The Arm Sling ★ KT0407 - The Elevated Arm Sling ★ 0408 - [Missing from QCTO curriculum] - ★ KT0408 - [Missing from QCTO curriculum] - Burns - Degrees of Burns ★ KT0408 - [Missing from QCTO curriculum] - Burns - First Aid ★ KT0408 - [Missing from QCTO curriculum] - Burns - Chemical ★ KT0408 - [Missing from QCTO curriculum] - Burns - Liquid Chemicals ★ KT0408 - [Missing from QCTO curriculum] - Burns - Dry Chemicals ★ KT0409 - Basic principles and methods to recognise and manage heart attack, and stroke. ★ KT0409 - Heart Disease **[OPTIONAL LEARNING]** - Heart Disease - Possible causes ★ KT0409 - Heart Disease - What is a Heart Attack? ★ KT0409 - Heart Disease - What is Cardiac Arrest? ★ KT0409 - Heart Attack - Signs & Symptoms ★ KT0409 - Heart Attack - First Aid ★ KT0409 - Heart Disease - Angina ★ KT0409 - Heart Disease - Angina - First Aid ★ KT0409 - Heart Disease - Stroke ★ KT0409 - Heart Disease - Stroke Signs & Symptoms ★ KT0409 - Heart Disease -

Fundamental Principles Of Achieving Appropriate Scene Safety ★ Activity: Emergency Scene Safety Simulation ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0202: Principles Processes and Standards for Initial and Ongoing Assessment of The Affected Person to Determine What First Aid Is Required ★ Activity: Interactive First Aid Assessment Challenge ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0203: Do's and Don'ts Of Communication with Bystanders, Emergency Services, & The Affected Person In A First Aid Situation. ★ Quiz

★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0204: First Aid Scenario Role-Play and Reflection ★ Activity: Role Play ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0205: Concepts, Principles, & Guidelines for Reassessment and Monitoring Of The Affected Person's Condition

★ Activity: Quiz Outdoor Event Collapse ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0206: Guidelines & Legal Considerations Relating to The Effective Handover Between First Aiders and Emergency Services ★ Activity: Emergency Handover Relay: Class Activity Overview

★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0207: Guidelines and Purpose of Appropriate Record Keeping and Incident Reporting. ★ Instructions: ★ Activity: Quiz record keeping and incident reporting ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0208: Need for and principles of post scene clean up. ★ Activity: Quiz post clean up ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0301: Fundamentals of the Respiratory System and How Injuries to and Illnesses of The System Can Threaten Life. ★ Activity: Rescue Breathers: A Respiratory System Emergency Simulation. ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0302: Fundamentals of the Cardiovascular System ★ Activity: Cardiovascular Emergency Response Workshop. ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0303: Fundamentals of the Nervous System

★ Activity: Neurological Emergency Simulation & Response Workshop. ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0304: Fundamentals of the Musculoskeletal System ★ Activity: Musculoskeletal Mastery Workshop. ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0305: Fundamentals of the Integumentary System ★ Activity: Multiple Choice ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0401: Principles and Processes of Primary Assessment and Treating of Affected Person as Per Findings: ★ Activity: Comprehensive Emergency Response Simulation ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0402: Concepts and Principles of Secondary Assessment and Treating as Per Findings: ★ Activity: Secondary Assessment Simulation with Role-Playing.

★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0403: Principles and Processes for controlling bleeding: Managing catastrophic bleeding, identifying wounds and treat appropriately. ★ Activity: Bleeding Control Workshop ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0404: Concepts and Principles of Secondary Assessment and Treating as Per Findings ★ Activity: Emergency Response Simulation ★ CLASS ACTIVITIES AND LESSON PLAN ★ KT0405: Concepts and Principles for Managing an Unconscious Patient "Identify Causes of Unconsciousness and Treat Appropriately Including Diabetes and Seizures ★ Activity: First Aid Assembly

Challenge. ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0406 : Methods and Principles of Identifying and Treating Shock. ★ Activity: Shock Management Simulation Drill ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0407: Basic Concepts and Principles for Identifying and Managing Sprains, Strains, Fractures, and Dislocations. ★ Activity Musculoskeletal Mastery Challenge ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0408: Recall and Explain the Principles and Practices of Managing Burns ★ Activity: Burn Treatment Simulation Relay

★ KT0409: Basic Principles and Methods to Recognise and Manage Heart Attack, and Stroke. ★ Activity Heart Attack and Stroke Emergency Simulation ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0410: Basic Principles and Methods to Recognise and Manage Environmental Emergencies Such as Hypo and Hyperthermia ★ Activity: Environmental Emergency Role-Play ★ CLASS ACTIVITIES AND LESSON PLAN

★ KT0411: Basic Principles and Methods to Recognise and Manage Poisoning, Venomous Bites, and Insect and Animal Stings. ★ Activity: Poisoning and Envenomation Simulation

SECTION 04 [Heading not listed in curriculum] PRACTICAL SKILL MODULE [PM] SPECIFICATIONS - DAY TWO

★ PM-01-PS01 ASSESS AND MANAGE AN EMERGENCY

★ PA0101 - Assess an emergency incident scene and make it safe for entry and delivery of Basic First Aid.

★ PA0102 - Assess and manage patient s with breathing difficulties: Perform CPR, use an AED, and manage a choking

Patient . ★ PA0103 - Assess and manage bleeding, wounds, and burns ★ PA0105 - Assess and Manage Traumatic Injuries: Including Fractures, Or Shock. ★ CLASS ACTIVITIES AND LESSON PLAN ★ PA0106 - Communicate with the Patient and Stakeholders

★ CLASS ACTIVITIES AND LESSON PLAN ★ A0106 - Call for Assistance ★ PA0107 - Hand the Patient to Emergency Medical Service Personnel with Documentation ★ PA0108 - Perform Post Incident Cleanup of the Scene ★ FEEDBACK ON INTERNAL ASSESSMENT COMPONENTS (IAC) PRACTICAL COMPONENTS ★ Assessor's Final Comments: Provide overall feedback, commendations, and any additional guidance.

SECTION 05 - WORK EXPERIENCE MODULE [WM] SPECIFICATIONS

★ WM-01-WE 01 - Work Experience

★ WM-01-WE02 - Work Experience ★ WA0101 - Work Experience ★ WA0102 - Work Experience ★ WA0201 - Work Experience ★ WA0202 - Work Experience ★ SE0101 - Supporting Evidence ★ SE0102 - Supporting Evidence

SECTION 06 - POSSIBLE SEQUENCING AND INTEGRATION

SECTION 07 - STATEMENT of WORK EXPERIENCE
